

Streetsville Seniors Citizens Club #111 Inc.

PRESIDENTS REPORT

I would like to thank all city staff for their efforts in the transition of our Club from Kinsmen to City management.

I would like to thank our Executive Board and the appointed Board members for their hard work and dedication to the Streetsville Senior Citizens Club.

I would also to thank our activity leaders and other volunteers for their great contributions and work making sure our Club is fun.

I know the transition has its hiccups however, I am working diligently to have a positive outcome for our Club, with a bit of patience.

We have made some changes over the past year, i.e., bridge lessons and we are applying for any grants applicable to our club.

Most of all I want to thank you the members for your many positive comments to me your President and also for your insight in areas of improvement.

Hopefully, we will have another successful year and I wish everyone good health and happiness moving forward.

Thelma Pratt

President
